CHANGING CLASSROOMS TO CHANGE OUTCOMES

Empowered is a first-of-its-kind teacher community for teachers - like *you* as a **Louisiana Association of Business Educators (LABE) member** - who are centered on **individualized education experiences**. We inspire educators to commit to a growth mindset, reimagine education, and achieve transformative results in the lives of their students. You bring learning to life and maximize student impact.

WE'RE HERE FOR YOU

Change-making teachers, like you, have the power to transform education one classroom at a time. Your work and dedication prepares young people for life by guiding them through an experiential, principle-based, real-world relevant education. Let us be your partner. We offer **LABE Educators**:

- Tools to prepare students for success in competitive events *and* in the 21st century workplace;
- Content that helps students discover their unique skills and talents that create value for all;
- Activities and resources to drive student collaboration while nurturing principle-based behaviors.

We support **LABE members** — and any educator — through our student-centered learning strategy that enhances any activity, curriculum, or methodology in any learning space.

Our **EMPOWERED HUB** (available and at no cost to educators) provides 24/7 access to our:

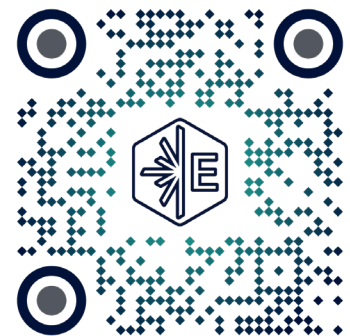

- 9,500+ Member **Collaborative Community** of Educators
- 120+ **Experience-Based Activities** that are infinitely customizable
- Unique, inspiring **PD and Events** — held virtually *and* in-person (ask about our RiseUp Workshops)
- Tools, Resources, and **Support** — from Staff and Fellow Teachers

LET US BE PART OF YOUR SUCCESS

Empowered will be at your **Annual Conference** at **Louisiana Christian University** in Pineville, LA on **FRI., 03/01/24**. Join us for:

- Engaging, hands-on, activity-based, educator sessions;
- Product demonstrations and staff 1:1s.
